the married mayor, the "cowboy" con man, the hunchbacked boy next door -- fails to stand the test of time. After years of drudgery the sisters transform the bakery into a bustling supermarket, but when success seems within reach, turmoil erupts, threatening the happiness and contentment the sisters long suffered to achieve. Filled with humor, emotion and wonder, Elle Eggels's *The House of the Seven Sisters* is a lovely, evocative tale sure to touch every reader's heart. Founded in 1912, the *California Law Review* was the first student law journal published west of Illinois. Early issues focused primarily on critiquing proposed California legislation. Eventually, the Review adopted a national focus; it now publishes articles on problems and developments in all areas of the law.

The Unheard Voice of Law in Bartolomé de las Casas's Brevisima relación de la destrucción de las Indias reinterprets Las Casas's controversial treatise as a legal document, whose legal character is linked to civil and ecclesial genres of the Early Modern and late Renaissance juridical tradition. Bartolomé de las Casas proclaimed: "I have labored to inquire about, study, and discern the law; I have plumbed the depths and have reached the headwaters." *The Unheard Voice* also plumbs the depths of Las Casas's voice of law in his widely read and highly controversial *Brevisima relación*—a legal document published and debated since the 16th century. This original reinterpretation of his *Very Brief Account* uncovers the juridical approach voiced in his defense of the Indigenous peoples of the Americas. *The Unheard Voice* innovatively asserts that the *Brevisima relación*'s legal character is intimately linked to civil and ecclesial genres of the late Renaissance juridical tradition. This paradigm-shifting book contextualizes the formation of Las Casas's juridical voice in canon law and theology—initially as a secular cleric, subsequently as a Dominican friar, and finally as a diocesan bishop—and demonstrates how his experienced juridical voice fought for justice in trans-Atlantic debates about Indigenous peoples' level of humanity, religious freedom, enslavement, and conquest. Reaching the headwaters of Las Casas's hitherto unheard juridical voice of law in the *Brevisima relación* provides readers with a previously unheard interpretation—an appealing voice for readers and students of this powerful Early Modern text that still resonates today. *The Unheard Voice of Law* is a valuable companion for many in the disciplines of literature, history, theology, law, and philosophy who read Bartolomé de las Casas's *Very Brief Account* and study his life, labor, and legacy. Don Lazarillo Vizcardi. *Sus investigaciones m?sticas con ocasion del concurso ? un magisterio de*. One of the most noticeable features of the Renaissance is what Jacob Burckhardt called the rise of the individual - in politics and religion, in its social life and in the arts, and in the mentality of Renaissance man, with his inclination to explore, to invent and to make new discoveries. Yet this characteristic is also very puzzling to modern people, who see that although the categories of art which depict particular people in a particular way have attained to a spectacular degree in a period when biography and portrait painting were among the most popular genres, and autobiography began to emerge as a genre in itself and painters began to produce self-portraits, an interest in individuals is not necessarily the same thing as the more recent interest in the purely personal aspects of individuals. Literary and artistic traditions, social and ideological backgrounds, and the motives for the production of literature have changed profoundly. Renaissance biography and autobiography, portraiture and self-portraiture have little to do with their modern counterparts. Therefore this book stresses that the Renaissance is not predominantly a period of modernity, but rather a period of stimulating difference or alterity. The contributors to this collection of essays aim to create a better understanding of Renaissance biographies and portraits through the analysis and reconstruction of the traditions, contexts, backgrounds and circumstances of their production. One of the most noticeable features of the Renaissance is what Jacob Burckhardt called the rise of the individual - in politics and religion, in its social life and in the arts, and in the mentality of Renaissance man, with his inclination to explore, to invent and to make new discoveries. art which depict particular people increased to a spectacular degree in a period when biography and portrait painting were among the most popular genres, and autobiography began to emerge as a new genre in itself and painters began to produce self-portraits, an interest in individuals is not necessarily the same thing as the more recent interest in the purely personal aspects of individuals. Literary and artistic traditions, social and ideological backgrounds, and the motives for the production of biographies have changed profoundly: Renaissance biography and autobiography, portraiture and self-portraiture have little to do with their modern counterparts. Therefore this book stresses that the Renaissance is not predominantly a mirror of modernity, but rather a period of stimulating difference and alterity. The contributors to this collection of essays aim to create a better understanding of Renaissance biographies and portraits through the analysis and reconstruction of the traditional contexts, backgrounds and circumstances of their production.

La obra de Joseph Conrad, al igual que la de Stevenson y Dostoiewsky, combina con gran maestría la novela de acción con la psicología. Por la perfección que logra tanto en el cuento como en la novela, no tardó en convertirse en un clásico al que aun sigue con entusiasmo un gran número de lectores. En este volumen el autor presenta tres admirables novelas breves, entre las que sobresale 'Freya, la de las siete islas', elegida por el propio y Bioy Casares para titular la traducción al español que ellos mismos encargaron y supervisaron. El título que el título original era *Twixt land and sea*. Fue publicada en la década de los 40 en la colección 'La puerta de marfil', que ambos dirigían en Emece, y al agotarse la edición, pocos años después, desapareció del mercado de habla hispana, vacío que se viene hoy a reparar con el presente volumen.

An exploration of the thirteenth-century law code known as *Siete Partidas* Conceived and promulgated by Alfonso X, King of Castile and León (r. 1252-1282), and created by a workshop of lawyers, legal scholars, and others, the set of books known as the *Siete Partidas* is both a work of legal theory and a legislative document designed to offer practical guidelines for the rendering of legal decisions and the management of good governance. Yet for all its practical reach, which extended over centuries and as far as the Spanish New World, it is an unusual text, argues José Velasco, one that introduces canon and ecclesiastical law in the vernacular for explicitly secular purposes, that embraces intellectual disciplines and fictional techniques that normally lie outside legal science, and that cultivates rather than shuns perplexity. In *Dead Voice*, Velasco analyzes the process of the *Siete Partidas*'s codification and the ways in which different cultural, religious, and legal traditions that existed on the Iberian Peninsula during the Middle Ages were combined in an innovative construction. In particular, he pays special attention to the concept of "dead voice" of writing the law in the vernacular of its clients as well as in the language of legal professionals. Velasco offers an integrated reading of the *Siete Partidas*, exploring such matters as the production, transmission, and control of the material text; the collaboration between sovereignty and jurisdiction to define the environment where law applies; a rare legislation of friendship; and the use of legislation to characterize the people as "the soul of the kingdom," endowed with the responsibility of judging the stability of the political space. Presenting case studies beyond the *Siete Partidas*, Velasco demonstrates the incorporation of philosophical and fictional elements in the construction of law. Velasco reveals the legal processes that configured novel definitions of a subject and a people.

many years A NEW REFERENCE GRAMMAR OF MODERN SPANISH has been trusted by students and teachers as the standard English-language reference grammar of Spanish. Now to include the latest findings of the Royal Spanish Academy's official grammar book, 'La Nueva gramática de la lengua española', making A NEW REFERENCE GRAMMAR OF MODERN SPANISH FIFTH EDITION even more relevant to students and teachers of Spanish. Key features of this fifth edition include: a 'Guide to the Book', enabling you to make the most of this new edition; a new vocabulary such as topical and technological terms, bringing you up-to-date with contemporary

spoken Spanish more Latin-American Spanish, ensuring world-wide coverage a clearer guidance recommended usage -advice on the Academy's latest spelling rules. Whether a student or a teacher of Spanish, you can be sure that this fifth edition of A NEW REFERENCE GRAMMAR OF MODERN SPANISH will provide you with a comprehensive, cohesive and clear guide to the forms and structures of Spanish as it is written and spoken today in Spain and Latin America. An Essential Course in Modern Spanish provides Advanced Level students with the essentials of Spanish vocabulary, grammar and idioms. Niebla de Sortilegios retrata la extraordinaria travesía por la vida de una mujer con dotes naturales únicos, matizados por una gracia inusual, la que proyecta a su alrededor con magia intrínseca. Robertina cautiva a cuantas personas interactúan con ella, utilizando todo un arsenal de atributos que incluyen el humor, la fortaleza de espíritu, la lealtad, la generosidad, la fe y un sentido orgánico y profundo del amor. Desde muy joven, selectivamente se mide al estandarte moral y al carácter audaz de su madre adoptiva, su tía Romelia, y hurga en el trasfondo pernicioso de la ignorancia y el derroche desenfrenado de su padre adoptivo, Manuel Santana, para crecer en razón y juicio. Cuando su ineludible conformación anatómica de mujer la lleva a casarse, instintivamente a desear una compañía de vida, una fuerza natural maravillosa la lleva a casarse con su propio hermano de crianza, con quien se sumerge en una tórrida fusión marital, hasta el día de su muerte. Aunque nunca ha ido a la escuela, Robertina es poseedora de una sabiduría insólita, con la que logra tejer su propio juicio en torno a temas tan complicados como el significado de la vida, la muerte y el más allá. Concibe con independencia de criterio las enseñanzas de la Biblia, al punto de ser capaz de establecer sus propias interpretaciones sobre la figura histórica y apoteósica de Jesucristo. Su sabiduría innata la lleva a conjeturar muy locuazmente sobre derivaciones filosóficas muy inteligentes. Al caer súbitamente enferma con un cáncer devastador y violento, en Niebla de Sortilegios se narra como la vida de un ser humano surtida de gracia y buena ventura puede tener en las trincheras del azar y la casualidad. Años después de su muerte su sarcófago termina siendo profanado y su cráneo robado, por estudiantes extranjeros de medicina. Aquel inesperado descubrimiento póstumo, deja a sus propios parientes inmersos en la fragua de una enmarañada trilogía concluyente sobre la justeza de un ser divino, escepticismo sobre la existencia o no de una fuerza sobrenatural y resignación ante el poder descomunal del sentido arbitrario ubicuo de la vida. This book conveys the thrill of observing strange and surprising features of the universe and the satisfaction gained by understanding them through modern science. Using simple analogies and a wealth of illustrations, Professor Narlikar skilfully steers us through a cosmic journey of discovery starting from the Earth and solar system and stepping out to the farthest reaches of the universe. Each of the seven wonders represents a range of mysterious phenomena or a class of spectacular events or remarkable cosmic objects that have challenged human curiosity and often defied explanation. PARA SIEMPRE is an easily accessible, streamlined Introductory Spanish program that focuses on oral production and conversation through modeled dialogs and oral activities. Students are introduced to high-frequency vocabulary and grammatical structures that are necessary for conversing about everyday topics and situations. Presenting grammar as a tool to communicate rather than a set of rules to memorize facilitates active participation in open-ended activities and informal conversations. The flow of material in each unit is straightforward and easy to follow, and the achievable goals and guidance that students receive as they progress through each unit build a sense of achievement and enjoyment, fostering a continued interest in the study of Spanish at high levels. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Comparada con sus novelas más conocidas, La joya de las estrellas (1903) es sin duda la mejor escrita y la más interesante de todas ellas, la más abundante en episodios trágicos, días de amor, de aventura y de misterio, aparte de Drácula. En ella, la narración

inicial, sustentada en los motivos propios de la novela policial, evoluciona en un argumento fantástico dominado por la omnipresencia de Tera, una antigua egipcia, reina y hechicera, que hace milenios prepara su regreso a un cuerpo mortal. El lúgubre y claustrofóbico ambiente de londinense del egiptólogo Trelawny que abre la novela se amplifica después en el de la solitaria mansión de Cornualles donde Trelawny, ayudado por su colega Corbeck, el doctor Winchester, Margaret, la hija de aquél, y el abogado Malcolm Ross, su enamorado, intentarán, mediante la mágica Joya de las Siete Estrellas, resucitar a la momia de la antigua hechicera.
