International business in the 21st century requires a new kind of dictionary. The Italian Business Dictionary fulfills such a need. This dictionary is designed to facilitate business between Italian and English-speaking countries. The first of its kind to provide the business terms of the United States and Italy, it is an invaluable tool for communicating in the global market. These terms encompass accounting, economics, insurance, real estate, modern banking, computers, the Internet, and more. Terms used by organizations like the United Nations, World Bank, and the International Monetary Fund are also included. Do you need to explain macroeconomics in the classroom? Would your students know what a hurdle rate is? This new edition of the Longman Business English Dictionary gives students an in-depth knowledge of all the vocabulary they need to survive in today's fast-paced business environment, whether they are students of business English or

people already in work. You and your students will find it easy to understand complex business terms because all definitions are written using just 2000 common words, making even the most difficult business jargon clear and easy to understand. Make sure you know the latest buzz-words - this fully revised edition is completely up-to-date. Students learn real-world business English from thousands of example sentences which are taken from authentic business English sources. Improve your students' chances of success in the BEC and BULATS exams, by introducing them to the interactive exam practice on the CD-ROM. Speak for Yourself Do you yearn for a book to disambiguate words and phrases commonly used in business settings, your workplace, and in life in general? Do you wish the kimono would open on idioms and clichés that stretch the bandwidth of understanding and make you wonder if your career is scalable? What are you really saying when you go against the grain and are aboveboard? What do you hear when your colleague wants face time or to move the needle? The BS Dictionary: Uncovering the Origins and True Meanings of Business Speak provides the real-world definitions to about 300 of the world's most commonly-used business terms and gives you the origin story (who coined the term? when did it start to be used figuratively in the business world?) for each one. Get the language clarity you need and have fun learning the full etymology of favorite phrases. Read humorous commentary about how phrases might be misused or misunderstood. If you are interested in language, business speak, writing, and trivia knowledge, this book is for you! Get The BS Dictionary and impress your friends with your newfound wealth of phrases and their history. This dictionary consists of some 50,000 terms and references and 4,000 abbreviations in both German and English. Over 40 subject areas are covered, including: - Accountancy - Banking - Computing - Economics - Finance - General Commerce - Human Resource Management - Import/Export - Industry - Insurance - Law - Management - Mathematics - Media - Patents - Politics - Property - Sales & Marketing - Stock Market - Taxation - Tourism - Welfare & Safety - and many more. This longtime Barron's favorite has been updated for the mid-1990s, and features approximately 7,000 business terms and definitions listed alphabetically. It defines terms related to investment, banking, taxes, law, real estate, computers, marketing, insurance, management, and other activities related to business. Updated to reflect the most recent trends, trade agreements, cartels, and innovations in international business, this handbook defines approximately 5,000 terms related to the international marketplace. Definitions and explanations focus on international finance and marketing, foreign exchange, import/export, trade organizations, and much more. It's a handy quick-reference source for business professionals and students, and useful for training programs in international business management. One of Barron's all-time bestsellers has been updated to reflect current banking regulations and the latest innovations in banking services, this book defines approximately 3,000 key banking terms with extensive cross-references. It also defines important acronyms and abbreviations as they are used in the banking industry. Covering all areas of modern business practice, this edition now includes increased coverage of terms and concepts. It also looks at issues such as Internet business, private equity, structured finance, and much more. Covering the entire spectrum of business terminology, a clearly written reference defines more than six thousand terms, creating an ideal resource for business students, individual investors, and business professionals alike. Original. A fully comprehensive resource for those wanting to know about the world of business management. Students and working professionals alike can enjoy quick and accessible definitions and the extensive cross-referencing system allows readers broader access to subject areas. This dictionary covers all the topics, issues and terms in the field, including: business economics, consumer behaviour, corporate strategy, financial management, human resource management, information technology, management accounting, marketing and organizational behaviour and work psychology. This book is an incisive and entertaining overview of the business world, worthy of its antecedent, Ambrose Bierce's "The Devil's Dictionary." Told from the perspective of the legendary Nicholas von Hoffman, it is catty, sharp, funny, mean and informative. Arranged alphabetically, from "Abacus" to "Zukor, Adlph" the dictionary elucidates the business world from top to bottom, from the ancient world to the present. "The Devil's Dictionary of Business" is an ideal gift for your stockbroker, bank manager, loan shark or that anticapitalist, Starbucks-bashing cousin of yours, all of whom will enjoy von Hoffman's sardonic and dizzying tour of mammon. First Published in 1998. Routledge is an imprint of Taylor & Francis, an informa company. REFERENCE Puts detailed information right in your pocket! Barron's Business Dictionaries may be small in size, but they are extremely useful and economical reference sources for business students, business managers, and general readers seeking advice and information on specific business subjects. Each pocket-size book defines thousands of authoritative yet specialized terms within

its subject area and features an abundance of diagrams, charts, and line art. These are must-haves for students and professionals alike. This updated and expanded edition features more than 3,000 terms defined and explained. Topics covered include every conceivable aspect of investment banking and commercial banking practices, finance and money management, and much more. Perfect for both business English students and people already at work, this dictionary provides easy access to the worlds of accounting, banking, economics, marketing, shipping and the stock market. The bestselling Dictionary of Business, now available in a completely revised Second Edition, covers the basic business vocabulary of both British and American English: it now includes 12,000 main headwords. The terms cover all aspects of business life from the office to the stock exchange to international business trade fairs. Clear definitions are included for each term, together with example sentences (drawn whenever possible from both business and popular newspapers and magazines -- to demonstrate how the terms are used in practice), part of speech, grammar notes, and encyclopedic comments for the more complex terms. The Dictionary of Business also now includes phonetic pronunciation guides for all headwords. Supplements provide information on business practice, standard financial documents, and world currencies.
